Authorities Arrest 9 Juveniles

A juvenile crime wave continued on the Peninsula this week with nine youths falling into the clutches of law enforcement officers in San Mateo County over the week end.

Four boys, ranging in age from 14 to 18, were picked up by California Highway Patrolmen Walter Sequeira and Forrest Gerkin on Bayshore Hwy. near Belmont at 6:45 a.m. Monday and turned over to San Jose police on auto theft charges.

The youths, all from San Jose, were stopped when it was noticed that the license plates on the car in which they were riding were disguised with tape, Patrolman Sequeira said.

They stole an automobile in San Jose and drove it to Stockton, where they "dumped" it and stole another, San Jose police reported Monday afternoon. They stole a set of license plates from a used car lot in San Jose and put them on the second car, police said.

In San Mateo, following a raid on the Bi-Rite Liquor Store by two youths while the proprietor was at the rear of the building, police apprehended three Burlingame and San Mateo youths and arrested them on charges of stealing liquor. Monday morning, a fourth youth was arrested at San Mateo High School as a member of the same group. One youth, 18, was fined $25 in Judge A. H. Stetson's municipal court at San Mateo Monday. The other three, all 17 years old, were turned over to juvenile authorities at Redwood City today.

A bicycle stolen Friday was returned Saturday to Miles Dooher, San Mateo, and a 16-year-old San Mateo student, today was at the juvenile home in Redwood City charged with the theft, San Mateo police said.

Apprehension came, they said, when he attempted to pawn the cycle at a San Francisco pawn shop.

Three Plead Not Guilty To Charges

Burch Mesrobian, 29, San Francisco bartender, and Joseph Gianquinto, 35, a shipfitter, indicted by the grand jury on charges of rape, pleaded not guilty in superior court at Redwood City Monday afternoon and their trials were set for Nov. 23 before a jury in Judge A. R. Cotton's court.

In the same court William Jonas, member of the Daly City draft board and proprietor of a Brisbane tavern, entered a plea of not guilty to charges of assault with a deadly weapon with intention to commit murder. His case was continued a week to set for trial.

Sidney Jensen, San Francisco, arrested on negligent homicide charges as the result of an automobile accident May 22, was arraigned. His case was continued a week to plead.

Trial of Manuel Osorio, 29, Redwood City truck driver charged with the rape of a 12-year-old North Fair Oaks girl was set for Dec. 8.

No matter how expensive living becomes it's always worth more.

Hero's Wife Honored at Ceremony

A two-star general pinned a cross on a Redwood City school teacher's dress Sunday while a thousand Hamilton Field air force men stood at attention. Overhead roared a dozen P-39s in M formation.

The M was for Mayes—1st Lt. Herbert C. Mayes who vanished in the Battle of Midway. His wife, 25-year-old instructor at McKinley School in Redwood City, received the Distinguished Service Cross in his honor.

With split-second timing, the air base command performed a ceremony which Mrs. Mayes characterized as "perfect." Two army command cars took her, her mother and father, Mr. and Mrs. Harland Duncan of 927 Iris St., her two sisters, Nancy, 17, and Caroline, 20, and Maj. and Mrs. Herbert G. Mayes of San Francisco, to the air base.

With the start of the ceremonies she advanced with the colors and was presented to Maj. Gen. Barney G. Giles, commanding the Fourth Air Force.

As he made the presentation, General Giles read from the citation:

". . . Herbert C. Mayes, first lieutenant, 18th Reconnaissance Squadron, AAF, U. S. Army. For extraordinary heroism in action near Midway Island June 4, 1942. Lieutenant Mayes, as pilot of a medium bombardment airplane, displayed extraordinary heroism during torpedo-bombing mission against the Japanese Navy. . . . During this first torpedo attack ever carried out by the army air forces, the airplane on which Lieutenant Mayes was pilot, was lost."

Then the air corps troops, led by their band, passed in review before the general, Mrs. Mayes, and assembled officers.

Of the medal, Mrs. Mayes said she could never wear it again. It is to be worn only by the person named in the citation, and then only on state occasions, she explained. Both the medal and the citation are in safe keeping.

The medal was first presented in Honolulu to Miss Mabel C. Coleman, the flier's aunt.

Melrose Estate In Excess of $10,000

Charles K. Melrose, president of Union Ice Co., San Francisco, who died Oct. 26, left an estate valued in excess of $10,000 in addition to a trust established prior to his death, according to a will filed for probate in superior court this week at Redwood City.

The will disposed only of the property in addition to the trust, it stated. It was dated Aug. 28, 1942.

The first locomotive ever operated in the United States was bought in England.

Southern Pacific Sued for $80,000

A $30,000 damage suit on behalf of her 11-year-old daughter, Dolores, and a $50,000 damage suit on her own behalf were filed in superior court at Redwood City this week by Mrs. Elizabeth Hubner, 117 Vera Ave., Redwood City, against the Southern Pacific Co. for injuries received in an automobile-train accident at the Jefferson Ave. crossing Oct. 11, 1941.

Mrs. Hubner, a stenographer, was driving east on Jefferson Ave. when her automobile was struck by a northbound train, the complaints charge. Dolores Hubner was a passenger in the car.

The complaints charge carelessness and negligence on the part of J. W. Heinzer, conductor; H. E. Russell, engineer, and S. E. Stratton, fireman, and also charge there was not enough protection or warning signals at the crossing.

Motor vehicles in Argentina are required to be equipped with speed governors to conserve gasoline, says the Department of Commerce.

Tully Knoles To Speak

As he has done each year since dedicating the new church building 17 years ago, Dr. Tully C. Knoles, president of College of the Pacific, will speak at the First Methodist Church in Redwood City Sunday morning.

Besides being the exact anniversary of the opening of the present church building Nov. 8, 1925, the date will commemorate the organizing of the church 85 years ago, the joining of it in 1882 of Mrs. Emily Vasquez, still an active member, and the joining in 1893 of Mrs. Ella Leary, second oldest active member.

Both the women will be honored during the Sunday School opening exercises by Donald L. Bogie, superintendent, who also plans to pay tribute to Mrs. M. L. B. Winiger and Mrs. B. E. Myers, who, with their late husbands, were instrumental in developing the present church facilities.

Following the 11 a. m. service, at which Dr. Knoles will speak on "The Historic Value of the Church," a potluck dinner will be served in the social hall, according to the Rev. Earl D. Carter, pastor.

Mrs. Allison Files Charge

Mrs. Eva Allison, 25-year-old East Palo Alto woman, has filed a complaint in Judge Edward I. McAuliffe's court in Redwood City against Joseph J. Robel, 35, charging assault with intent to commit murder.

Robel, former laundry owner, had made a full confession to Dep. Dist. Atty. Louis B. Dematteis that he twice shot Mrs. Allison after a quarrel near her home. The shooting occurred Oct. 23. Mrs. Allison picked up Robel at the Palo Alto railroad depot and drove him to the Belle Haven tract where he shot her twice. Robel then drove to San Mateo, then to Sacramento via San Jose and Stockton before getting medical attention for her.

Mrs. Allison attributed Robel's act to jealousy, in a statement to the district attorney's office.

The diamond is the hardest and most imperishable of minerals.

Wartime Service Necessitates

Complete Revision of Peninsula Commutation Service

Effective November 11

THE OFFICE OF DEFENSE TRANSPORTATION in Washington has ordered bus operators to take every action necessary to assure maximum utilization of all available bus transportation facilities under war conditions. We have already made certain adjustments, such as elimination of non-essential service, reducing the number of stops, and lowering the operating speed of buses.

Now to further conserve transportation we are concentrating service on a minimum number of routes. The through service heretofore operated on routes "C", "E", "F" and "K" will be eliminated. Peninsula service will hereafter be concentrated over the following main routes —"B", "G" and "M". This adjustment will make available an additional number of buses to better serve the greatest number of Peninsula commuters.

Revised timetables will be available from your agent prior to the effective date of November 11.

Nutrition Tips Offered

With the importance of food and nutrition in winning the war increasing, the California State Department of Public Health has released a series of suggestions on how to prepare a wholesome diet.

While it is true that many families have very limited funds for the purchase of food, that is not the sole reason for faulty diet, the department contends.

"Many people who spend enough money do not buy the right foods to insure good health," it was stated. "By keeping a few simple rules in mind when she does the day's marketing, the housewife can provide her family with a healthful diet."

A variety of foods should be selected for the day's meals, it was pointed out, with particular attention to a few essentials.

Milk for all—one quart for each child and a pint for each adult—is suggested. Orange or tomato juice for all the family, if possible, but particularly for the children also was suggested.

Other suggestions:

A cereal for all members of the family.

At least one kind of fruit besides orange or tomato juice for all the family.

At least two vegetables besides potatoes for the older members of the family and a mild green vegetable for the younger members.

An egg for the younger children and some protein-bearing food (meat or a meat substitute) for the other members.

Department Urges Proper Cooking

Proper cooking of foods was stressed today by the California State Department of Public Health in its campaign to improve the general health of the public.

Fruit costing 20 cents at the grocers may be worth only 10 cents in food value when it reaches the table, it was pointed out. This is true of other foods, also. The kitchen stove, the refrigerator and the pantry shelf often are the thieves that rob the food budget.

"Proper preparation is essential if the family is to get value received for the money spent on food," a department bulletin states.

Here are 10 rules released by the department to keep in mind to preserve food elements:

1. Cook foods as quickly as possible. Use small amounts of water and use any that is left in soups and sauces. Steaming is an exceellent way to cook many vegetables and some other foods.
2. Do not over-cook vegetables.
3. Do not peel vegetables or fruits and cut them up.
4. When possible cook vegetables whole and with the outer cover on.
5. Never add soda to vegetables during cooking. It serves no useful purpose and destroys vitamins. Cook green vegetables in an open kettle and they will stay green.
6. Serve foods as soon as possible after they are cooked.
7. Do not fry foods if they can be cooked in some other way. Frying and roasting are destructive to vitamins.
8. Store foods at low temperatures and in closed containers.
9. Do not chop or crush fresh fruits and vegetables and allow them to stand.
10. In canning foods, observe the same precautions for conserving vitamin content as suggested for cooking.

Always your stand-by for a real "fresh up"... that's 7-Up, the "fresh up" drink. It's good to *taste* and good to *you*. Now, as always, 7-Up does its job by *liking* you.

FRESH-UP WITH.. 7up

Friendly teamwork on party lines

Party lines today are providing telephone service to thousands of people who otherwise might have to do without—due to shortages in vital telephone materials that have "gone to war."

With teamwork, party line sharers can greatly assist each other and help keep the lines clear for our country's war effort. It helps a lot if you continue to:

Make only essential calls.
Be brief.
Answer promptly.

Your fine co-operation is appreciated.

M.P. Man Circles Globe With Willkie

Capt. Alexis Klotz of Menlo Park, third from the left in the front row, was one of the pilots who flew Wendell Willkie around the world. That's Willkie in the middle of the back row. Captain Klotz doesn't mind saying "Willkie is the greatest man I've ever known." The backdrop is the plane which carried the distinguished party. It bears its name in Chinese, English and Russian.

Capt. Alexis Klotz of Menlo Park Finds It's a Small World After All

Capt. Alexis Koltz, who flew Wendell L. Willkie around the world, finds that world a small one.

For instance, said Klotz, a native of Menlo Park, now on furlough from the Air Transport Command, he cried "hello" to a nice looking blonde in Persia.

"Where," inquired the blonde, "have I seen you before?"

It turned out she was the Mary Brook he had known in grade school and she was in Persia for NBC to arrange a broadcast for Willkie.

"And except for being delayed 15 minutes in Lanchow, China, because the Japs were hunting us and having a six-plane fighter escort when we were near the front in Russia, it might have been any old airline flight," said Klotz, according to Associated Press.

"I think our biggest flying thrill was over the Himalayas, when we didn't dare drop below 20,000 feet and at times had to climb above 30,000."

Four New Members Join Kiwanis Club

Impromptu talks by four new members of the Kiwanis Club featured yesterday noon's meeting.

Teddy Lauman, chairman of the day, officially welcomed the new Kiwanians, who were George Andrews, James A. Batchelor, Edward Hunt and Robert W. Poole.

Mrs. Surber Attends Mother's Funeral

Mrs. Paul D. Surber of Fulton St., has returned to her Redwood City home from Arlington, Va., where she was called by the serious illness and death of her mother, Mrs. Winfield Scott. Mrs. Surber was called East in August. Mrs. Scott died Oct. 17 at the Arlington home of another daughter, Mrs. R. M. Cushman.

Grease Fire Threatens Eating Establishment

A grease fire on the cooking range at the Fat Boy, a Redwood City eating establishment, was extinguished Tuesday at 5:41 p.m. by Redwood City firemen.

Starting when grease on and around the stove ignited, the fire threatened the year-old drive-in structure but was brought under control before any damage was done.

City Accepts Report On Traffic

Parallel parking on Broadway came nearer to a reality today with the acceptance by a Redwood City City Council last night of a recommendation of the Redwood City Citizens Traffic Study Committee advocating such a plan to replace the present angle parking system.

The recommendation as accepted by the council will be studied by City Mgr. Robert W. Mead, and if an amendment to the traffic ordinance is necessary City Atty. Paul A. McCarthy has been authorized to prepare such an amendment.

OTHER RECOMMENDATIONS

Other recommendations made by the traffic study committee and approved by the council were:

1. Extension of time - limit parking on certain streets.
2. A survey of off-street parking areas within the business district which can be converted into parking lots be made at once under the direction of the city manager.
3. Negotiations with the Southern Pacific Co. and Pacific Greyhound Lines towards development of off-street parking spaces for commuter cars.

TURNING GUIDES

4. Installation of turning guides at certain intersections.
5. Installation of "No U Turn" signs and appropriate legislation to cover intersections.

Mayor Floyd D. Granger thanked Chairman Ferris W. Miles and his committee for the work they did on the survey, and Councilman Harold F. Anderson, who appointed the committee when he was mayor, complimented them on the job they did.

Herrscher Will Admitted to Probate

The will of Mrs. Fannie May Howard Herrscher, wife of a San Francisco attorney and divorced wife of Charles S. Howard, millionaire automobile distributor and sportsman, was admitted to probate in superior court at Redwood City Monday by Judge Maxwell McNutt.

Mrs. Herrscher died in San Francisco Oct. 9. She had been a Peninsula resident for 30 years and until a month before her death had lived in Hillsborough.

Photographers Needed For Federal Agencies

Openings for photographers, motion picture technicians or persons skilled in microfilm photography, both men and women, has been announced by Chester B. Fox, secretary, local board, U. S. Civil Service.

Men are wanted as cameramen, film and sound technicians and projectionists for federal agencies turning out films to record war action and to instruct soldiers and civilians in new jobs. Men skilled in everything from technicolor to animation are needed.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

City Council Discusses Two Controversial Questions

Two items discussed at the Redwood City City Council's 2½-hour meeting in the council chambers in the city hall this week are expected by councilmen to draw fire, both pro and con, at the next regular meeting of the council Nov. 16.

Item 1 concerns letting down barriers on keeping chickens in Redwood City.

Item 2 concerns a request that taverns close at midnight instead of at 2 a.m.

Councilman Harold F. Anderson introduced the question of keeping chickens but turned the discussion over to Councilmen Louis Jenkins Jr. and Carl Britschgi, who had studied the problem. Britschgi and Jenkins indicated they saw no reason for not allowing those who desire to keep chickens to do so during the war emergency provided they abided by certain restrictions (cleanliness, etc.).

Britschgi pointed out that people in England have been rationed to one egg a month and said he saw no reason why that should happen here.

The proposal brought immediate protests from three persons in the audience — John Nordstrand, W. J. McKeegan and Harry Harrison. Councilman Evans A. Fletcher also opposed the plan.

Fletcher went on record as favoring closing taverns at midnight. During the month of October 74 out of 101 persons booked by the Redwood City police were drunks, it was pointed out. Police Chief C. L. Collins was instructed to bring data to the next council meeting on what time of day or night most arrests are made.

Council last night also:

Appointed Councilmen Anderson and Britschgi on a committee to meet with City Mgr. Robert W. Mead to determine what rental shall be charged Emil DeHoff for city property at the yacht harbor. DeHoff has maintained working quarters at the yacht harbor rent free since 1935, it was pointed out.

Authorized the Veterans of Foreign Wars to erect a scroll 8 feet high and 12 feet long on which names of all Redwood City men in military service would be placed. Names of those killed in action will be put on in gold color. Sites suggested for the scroll were Central School, city hall, post office and the city park on Sequoia High School grounds.

Instructed Mead to have the engineering department complete a wall to prevent water running onto property of Mrs. Clelia Bertini.

Granted permission to the Young Ladies Institute to hold a rummage sale Nov. 20 and 21 at 886 Main St.

Granted permission to Court Madrone 158, Foresters of America, to hold public dances Nov. 7 and 14.

Voted to have repairs made inside municipal buildings.

Adopted dimout ordinance in accordance with Lt. Gen. John L. DeWitt's proclamation and authorized filing of an affidavit to that effect.

Authorized changing the name of Katherine St. to Katherine Ave. in conformance with other avenues running at right angles to El Camino Real.

Modified the personnel ordinance on recommendation of Mead, who had met with the board of review on the subject. Maximum age limit was raised from 32 to 35 and the present requirement of having one year's residence before filing application for a job was removed. (To be in effect until six months after the signing of an armistice or after the cessation of hostilities.) The 90-day temporary employment rule was doubled. Requirement that a secretary take dictation at 120 words a minute was reduced to 100 words. Minimum starting salary of a stenographer was increased from $110 to $120 a month (plus $15 war bonus).

Authorized Mead to donate scrap at the corporation yard—estimated at between 20 and 25 tons—to WPA to be turned over to the government's scrap metal drive, on condition that WPA workers clean up the yard.

Authorized the Fourth of July Celebration Committee to make funds (approximately $100) available to Recreation Director Alfred (Red) Morton for playground equipment at Native Daughters' Park, and referred to Mead a request of Ole S. Oleson, chairman of the committee, that chutes be removed from the old recreation center and painted.

Ordered that an audit be made of the books of R. F. Martin, operator of the Redwood City Bus Lines.

The Galapagos Islands, new Pacific base for the U.S., is less than 1000 miles from Panama Canal.

Burlingame Wardens Ask Fire Equipment

BURLINGAME—Stressing the fact that the city's fire department would be unable to cope with widespread incendiary bombing, air raid wardens this week asked the Burlingame City Council to provide each of the community's 45 civilian defense districts with two "pack" fire pumps.

The council, acknowledging the importance of the request, referred it to the council's civilian defense committee for investigation and a report back at the next meeting.

The death watch beetle causes most timber decay.

Bogie Urges County Curfew.

"Redwood City children 18 and under should be off the streets by 10:30 on week nights and by midnight Friday and Saturday," declared Donald Bogie, vice principal of Sequoia High School, as he urged a county curfew ordinance in a regular talk at the Toastmasters' Club.

"Almost all of the young people in our county are good," he explained, "and for their protection as well as for the protection of the county a suitable curfew ordinance should be established."

The curfew proposal, presented to the San Mateo County Board of Supervisors a week ago, is now in the hands of the district attorney. Action is expected when the board convenes in special meeting Thursday.

Other speakers at the Toastmasters' Club last night were Pres. Daniel O'Connor, Dr. William Gordon, Eugene Hoffman and Earl Whitaker. Chairman was Frederic Gibbs.

PERSONALIZED

Having sets of towels and washcloths for each member of the family is one way to make the laundering task simpler for the housewife. Using a different color for each member is one way to identify them—initialing them might be another.

R.C. To Receive $3989 Liquor Fees

Distribution of $1,608,816.13 to California cities and counties has been announced by George R. Reilly, first district member of the State Board of Equalization.

This sum represents one-half of the $3,217,632.27 in alcoholic beverage license fees taken in by the board during the six-month period ended June 30. The state's share goes into the general fund.

Of the $37,687.50 to be distributed in San Mateo County, $3,989.38 will go to Redwood City, and $17,421.38 to the unincorporated area on the basis of actual licenses issued.

Lodge Celebrates 80th Anniversary

Bayview Lodge 109, Independent Order of Odd Fellows, celebrated its 80th anniversary at a dinner meeting in the lodge hall recently. A birthday cake large enough to serve 60 members was cut during the evening.

M. J. Kelley received the veteran's jewel in honor of his 57 years of continuous membership in the order. The presentation was made by A. P. Whitehead.

Campbell Claims Group Riding Would Help

Group riding would help solve the transportation problem expected to face Peninsula commuters when the nationwide gasoline rationing goes into effect, Ronald Campbell, San Mateo County planning engineer, said today following a cordon survey by his office of automobile traffic at both ends of San Mateo County.

A total of 4304 passengers commute to San Francisco each day in 2702 automobiles, the count revealed. Using this as a basis, Campbell said that if commuters were willing to organize a group riding plan, 1000 cars would take these people back and forth to San Francisco.

If commuters fail to organize group riding, they will have to turn to trains and buses for transportation, further complicating the problem, Campbell said.

The survey disclosed that northbound autos on El Camino Real carry an average of 1.8 passengers during the daytime, and on Bayshore an average of 1.86. Shipyard workers are doing twice as well as commuters to San Francisco in loading their cars, Campbell said, estimating that these cars average 3.5 passengers.

"With four persons riding in a car and alternating with each other in taking their autos, 1000 cars would take care of those who are now using autos as their means of transportation," Campbell stated.

The count showed that on an average day between 7:30 and 9 a.m. 370 cars enter San Mateo County from the south. Of these, 178 enter on El Camino Real and 192 on Bayshore Hwy. Less than 50 per cent of these go on to San Francisco, Campbell estimates.

Crossing the north county line from San Mateo County into San Francisco were 2084 cars with 3242 passengers, on Bayshore, the count showed, and 618 cars with 1062 passengers on El Camino Real.

The count showed that automobile traffic on San Mateo County highways has fallen off about 50 per cent from last year, Campbell said.

War Workers Hop On the Bandwagon

GARY, Ind. (AP)—Once the bandwagon for a dance orchestra, a bus of ancient vintage that has stood four years on a used-car lot is now a victory chariot.

Four women and six employes at the huge Kingsbury ordnance plant saved, begged and borrowed $686 for the "victory cooperative special," as they dubbed it. Its owners estimate that 45 war workers a day may be transported to and from the ordnance plant in their "special."

The climate of the Fiji Islands is unusually mild for the tropics; the temperature seldom rises above 90 degrees.

225 Celebrate Anniversary Of Congregational Church

The 80th anniversary of the First Congregational Church of Redwood City was celebrated with a dinner last night with 225 members and guests present.

Roy W. Cloud, pioneer citizen and educator, was toastmaster. He traced the early history of Redwood City and recalled highlights during his residence here since the early '80s. He joined the church in 1889 and is the oldest member in years of membership today.

Miss Sallie Nelson, a member since 1890, and C. G. Uhlenberg, who joined in 1905, gave brief talks as the second and third oldest members.

Greetings to the congregation were extended by George McNulty, city councilman; Dr. Harley H. Gill, superintendent of the Northern California Conference of Congregational Churches; and the Rev. Sidney Buckham, pastor of the San Mateo Congregational Church, which was founded by the Redwood City group in 1864.

Others who took part in the program included Andrew Spinas, church moderator and chairman of the evening, C. H. Woodhams, chairman of the board of trustees; Otis A. Carrington, superintendent of the Sunday school; C. M. Doxsee; Pierce Coombes; L. A. Behrens; Mrs. Fay T. Huyck, whose great uncle was one of the church's founders on Nov. 2, 1862; Don Kirtland, whose father, the Rev. C. C. Kirtland, was pastor from 1904-1912; Herbert Sharp, representing the Pilgrim Fellowship; Dr. C. E. Ward, pastor since 1936; A. C. Argo; and Mrs. Argo, who on behalf of the Board of Deaconesses presented orchids to Mrs. C. H. Stevens, whose husband was pastor from 1912-1923.

Dr. R. J. Currie, pastor from 1924-1929, also was introduced, while messages were read from the Rev. R. B. Dodge, minister in 1923, and from Sidney T. Maar, son of the Rev. F. H. Maar, pastor from 1897-1903.

Musical entertainment was provided by Miss Wilma Pfafflin who played two violin solos accompanied by Mrs. Phillip Bray; and by the Ladies Sextette, directed by George Prall.

The 80th anniversary was in charge of a committee headed by Charles L. Huyck, assisted by Mrs. Argo, Mrs. Coombes, W. H. Doxsee, Andrew Spinas, Otis Carrington and Dr. Ward.

The dinner was prepared by a committee including Mrs. L. A. Behrens and Mrs. Stanley Marcus, co-chairmen; Mesdames Pierce Coombes, Roscoe Wyatt, Charles Ward, J. L. Moore, Charles L. Huyck, Frank Storey, A. G. Jones, August Olsen, E. J. Crowley and Ernest Fortier. Decorations were in charge of Mrs. Harold Simpton, assisted by Mrs. W. P. Stevens, Mrs. J. W. Locker and Mrs. Andrew Spinas.

Members of the Pilgrim Fellowship served the dinner. They were Beth Childs, Dorothea Macway, Joyce Merman, Margaret Sanders, Maureen Rouse, Miss Hjelm, Bob Uhlenberg, Harry Uhlenberg, John Gill, Donald Stout and Herbert Sharp.

20-30 Club Presents Gift to Charles Barber

Members of the 20-30 Service Club last night presented a naval wallet to Charles Barber, a member of the group who recently joined the navy.

Plans were discussed for a get-together of 20-30 Clubs from Redwood City, Palo Alto and San Mateo. Date of the affair has not been decided. A report was read last night that Jerry Smith, former member of the local club, had been accepted as a pilot at San Antonio, Tex.

Dimout Law Starts Tomorrow

As the result of an emergency measure passed Monday by the Redwood City Council, dimout proclamation orders of Lt. Gen. John L. DeWitt will have teeth tomorrow when civilian defense workers and city police will begin a strict enforcement program.

C. W. Eltringham, city clerk, said today that the emergency measure becomes effective five days after passage and that it incorporates all the army proclamation.

Under the ordinance all shades must be drawn after dusk so that they are below the level of the lowest electric lamp inside buildings. No light stronger than one-foot candlepower may shine on the ground outside buildings.

The proclamation was made to lessen the sky glow shining toward the Pacific Ocean.

The Nazis have warned German civilians not to smuggle letters into parcels sent soldiers at front "containing detrimental utterances against high officials."

Rationing Officials Await Final Details Of Gas Registration Nov. 12, 13, 14

Awaiting final details from federal officials concerning gasoline rationing registration scheduled for Nov. 12, 13 and 14, Ralph S. Dodge, Redwood City war rationing board chairman, announced today that coupon books covering a 48-week period would be given each motorist at school buildings on that date.

To be conducted in a manner similar to that used during sugar rationing, the program will allow four gallons of fuel weekly to each motorist.

Federal authorities, Dodge said, estimate that each automobile will travel an average of 15 miles per gallon or 60 miles a week.

The coupon book will be divided into six pages, each of which will contain eight stamps, Dodge said.

To obtain the books each motorist must bring with him the auto registration slip for his vehicle and the serial numbers of each of his five tires.

Granting of permits later will be allowed only after tires have been inspected to determine whether or not they have had proper care to increase their length of service.

Those having rights to additional gasoline will make requests at the time of the registration. In general, Dodge said, those eligible for extra gasoline are those who are at present eligible for new or retreaded tires.

Don't Leave Tin Cans On Scrap Pile--DePatta

Frank A. DePatta, Redwood City salvage chairman, today asked local residents to deposit tin cans at service stations and not on the scrap metal pile on Broadway.

Pointing out that tin cans will not be accepted by junk yards with other metals, DePatta urged that they be left where they can be picked up for tin salvage purposes.

"Tin cans simply clutter up the Broadway yard," DePatta said. "We can't do anything with them and they actually hinder our progress on other metals."

DePatta also pointed out that waste paper and other types of waste should not be deposited at the yard designed only for scrap metal.

Soldiers Get Oakleys Nov. 11 at Meadows

SAN MATEO — Any soldier, sailor, marine or coast guardsman need only wear his uniform to enter the gates of Bay Meadows without charge on Nov. 11—Armistice Day. William P. Kyne, managing director of the California Jockey Club, made that announcement today.

This day has been designated as Veterans' Day, and all proceeds will be turned over to the Veterans of Foreign Wars Canteen Service.

The game of basketball was invented in 1891 by James Naismith, an instructor at the YMCA college at Springfield, Mass.

CLEAN up that white elephant with elbow grease. Clean him out of your house with a Tribune make money.

Telemats Provide Timely Pictures

Readers of the Redwood City Tribune see pictures of history-making events only a few hours after they occur because the Tribune receives AP Telemats, world's fastest newsphoto mats.

Telemats are made directly from Wirephoto received in San Francisco, and they are rushed by fastest transportation to the Tribune.

Only eight minutes are required to send a picture over the 20,000-mile wirephoto network, the only one of its kind in existence. Day and night, there's a continuing flow of wirephotos, pictures of important news from all over the world. The best are selected for Telemats—and the Tribune.

Take, for example, a picture of a building bombed in London. The photograph is transmitted by radio or cable to AP's New York office. In New York, it's rushed onto the network and—eight minutes later—Wirephoto newspapers throughout the country have it.

In San Francisco, a zinc etching is produced from this picture. From the etching, a mat is rolled under a machine on which a tremendous pressure has left an impression of the etching.

When the mat reaches the Tribune, it goes into a casting machine into which stereotypers pour molten metal. After the metal hardens, there is produced another metal plate corresponding to the original zinc etching. From this plate, the Tribune prints the picture of the bombed building.

Telemat service is on a split-second basis, so readers of the Tribune can see the latest and best pictures available anywhere. To maintain this service, AP has photographers and photo editors scattered throughout the United States and strategic places abroad. No matter where or when a story breaks, there's a photographer on the job to bring pictures to The Associated Press and the Tribune.

Only since January 1, 1935, have newspapers been able to place stories and pictures of events side by side regularly. That's the date wirephoto was born. Before wirephoto, pictures were at a great disadvantage in speed.

The science of sending photographs by wire was the outgrowth of many years of experimentation. As far back as 1907, equipment for telephotography was developed by the German scientist Korn, but the idea was abandoned after two years. Subsequently, scientists in several nations worked on a variety of systems, but none worked satisfactorily. Not until the birth of Wirephoto were the twin obstacles of time and distance overcome.

In 1936, AP first started using portable wirephoto transmitters to supplement regular network sending stations. These portables, now placed at strategic spots throughout the country, enable AP to send pictures directly from scenes of events, thus saving valuable time that would be consumed getting pictures to the nearest regular sending station

The Redwood City Tribune is able to give 4200 subscribers the best and the latest in news and pictures through The Associated Press and Telemats.

S. M. County Residents Invited to Marine Party

Residents of San Mateo County have been invited to attend the 167th birthday party of the U. S. Marine Corps to be held at San Francisco City Hall Tuesday, Nov. 10, under sponsorship of Islam Temple of the Shrine, it was announced today.

Highlight of the program will be the swearing in of a birthday class of 100 candidates into the marine corps by Lt. Col. Ralph West, USMC. Islam Patrol, captained by Roy N. Buell of Redwood City, and the famed Islam Temple "Million Dollar" Shrine band under the direction of Henry A. Auerbach, will participate in the ceremonies. Parents of marines serving in the armed forces will be guests of honor.

Knights of Columbus To Hold Services

Memorial services for deceased members of the San Mateo Council of the Knights of Columbus will be held Monday at 8:15 p.m. in the council hall, San Mateo. Chaplain Dan E. O'Brien will be the principal speaker.

New members' night was held recently and 30 new members were introduced by their sponsors. Paul McCarthy of Redwood City, member of the California Historical Society, gave a talk on early California missions showing colored slides of the Purisimo Conceptions Mission of the Franciscan Fathers, established in the early 1700s.

A snake cannot roll its eyes; it turns its head to see sideways.

Christmas Seal Sale Quota Set at $15,750

Goal for the 1942 Christmas seal sale for San Mateo County has been set at $15,750, Mrs. Ruth Close, executive secretary of the San Mateo County Tuberculosis and Health Assn., announced today. Judge Maxwell McNutt, chairman of the association's committee in charge of Christmas seals, has stressed that vigilance is needed to prevent the spread of tuberculosis as a result of war conditions, with the importation to California of thousands of workers from other states and from Mexico.

Greyhound Will Abandon Four Peninsula Routes

Peninsula commuters will have a choice of only three instead of seven bus routes to and from San Francisco after Nov. 11, F. W. Ackerman, vice president of Pacific Greyhound Lines, announced this week.

Service will be concentrated on the present "B," "G" and "M" routes with "C," "E," "F" and "K" routes to be abandoned, Ackerman said.

Abandonment of the four routes is in compliance with "the wishes" of the Office of Defense Transportation to take every action necessary to get maximum use of all available equipment, Ackerman emphasized. The adjustment will make available an additional number of buses on the three routes used.

Ackerman said that in conforming with the ODT regulations his company already had eliminated non-essential service, reduced the number of stops and lowered the operating speed of buses.

"Now, to further conserve transportation," he said, "we are concentrating all our Peninsula service on the three main routes, "B," "G" and "M." It may be necessary for some commuters to travel a little farther to board and alight from buses, but such inconvenience to a few will be outweighed by benefits to the many through release of other buses. . . ."

Ackerman emphasized Greyhound's determination to maintain adequate service for essential travelers. He urged, however, that travel for pleasure be eliminated, so that bus operations vital to the war effort can be maintained.

Marriage Licenses Show Increase

October has replaced June as the "month of brides" in San Mateo County this year, Robert Duffy, deputy clerk in County Clerk William H. Augustus' office, revealed this week.

A total of 85 marriage licenses were issued at the county clerk's office in Redwood City out of 91 applications last month, Duffy said. This is the highest number of licenses issued in one month since June, 1939, when a record number of 111 licenses was issued.

In June of this year, 74 marriage licenses were issued, and the same number was issued in July.

Experts declare that at the present rate industrial workers will soon represent the largest musical audience in the country—listening to canned music while they work.

Keys for Victory

The Tribune's Keys for Victory campaign has gathered its first kegful. The keg's contents, literally thousands of keys, is shown here at the Tribune building. Verdella A. Rose, Tribune society editor, holds a "necklace" of keys supplied by Mrs. Nettie M. Dusel. Keys contain metals especially sought in the salvage campaign. (Murray Photo.)

PUBLIC NOTICE

Wayne R. Millington, Atty.
NOTICE OF HEARING PETITION TO ESTABLISH DATE OF BIRTH.
No. 34741

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Petition of NANDO PROVANSAL, also known as FERNANDO PROVANSAL now known as FRANK LESTER PRIOR, to establish fact of birth.

NOTICE IS HEREBY GIVEN that a petition of Lester Prior to establish fact of birth of Nando Provansal, also known as Fernando Provansal now known as Frank Lester Prior, has been filed in this Court, and that Monday, the 9th day of November, 1942, at 10:00 o'clock a.m. of said day, at the Court room of Department No. 1 of the above entitled Court, at the Court House in the City of Redwood City, County of San Mateo, State of California, has been set for the hearing of said petition, when and where any person interested may appear and contest the same, and show cause, if any they have, why said petition should not be granted.

Dated: October 21, 1942.

NOTICE OF SALE OF REAL ESTATE
No. 10,221

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of AMELIA GILES, also known as AMELIA LEWZEY, Deceased.

NOTICE IS HEREBY GIVEN by AMELIA SHEELE, executrix of the last will of Amelia Giles, also known as Amelia Lewzey, deceased, that she will, as such executrix, sell to the highest bidder at private sale and subject to the confirmation of the Superior Court of the State of California, in and for the County of San Mateo, all of the right, title, interest and estate of the said Amelia Giles, also known as Amelia Lewzey, deceased, at the time of her death, and all of the right, title and interest that the estate of said Amelia Giles, also known as Amelia Lewzey, deceased, has by operation of law or otherwise acquired, other than or in addition to that of the decedent at the time of her death, in and to that certain lot, piece or parcel of land situate, lying and being in the County of San Mateo, State of California, and bounded and described as follows, to-wit:

In the City of Redwood City, said County and State, described as follows:

BEGINNING at a point formed by the intersection of the Westerly line of Lot 5 in Block F of the tract known as Woodside Acres, Map No. 1 as hereinafter particularly described, with the Southerly line of Union Avenue; running thence Easterly along said Southerly line of Union Avenue 97.36 feet; thence Southerly and parallel with said Westerly line of said Lot 5—220 feet, more or less, to the Southwesterly line of said Lot 5; thence North 64° 01' West 104 feet, more or less, to the said Westerly line of said Lot 5; thence Northerly along said Westerly line of said Lot 5; thence Northerly along said Westerly line of said Lot 5—192.90 feet to the point of beginning.

BEING the Westerly 97.36 feet of said Lot 5 in Block F as designated on the map entitled, "Woodside Acres Map No. 1 San Mateo County California," which map was filed in the office of the recorder of the County of San Mateo, State of California, on May 18, 1923, in Book 11 of Maps at pages 34 and 35, together with the improvements consisting of a frame dwelling house.

The said sale will be made on or after Monday, the 23rd day of November, 1942, and offers or bids for said property must be in writing, and will be received at the office of the attorney for said executrix, to-wit: Paul A. McCarthy, 2024 Broadway, Redwood City, California, or may be filed in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, at any time after the first publication of this notice and before the making of the sale.

Terms of Sale: Cash in lawful money of the United States, ten (10) per cent of the purchase price upon acceptance of bid; balance on confirmation of sale by the Court; or, in the discretion of said executrix, cash to the extent of at least One Thousand Dollars ($1,000.00), and balance in monthly installments of at least Thirty-five Dollars ($35.00), including interest on the unpaid balance at Six (6) per cent per annum, said balance being evidenced by promissory note and deed of trust to be executed by such purchaser in favor of said executrix, ten (10) per cent of said purchase price being payable on acceptance of said bid.

Dated: October 30, 1942.
AMELIA SHEELE,
Executrix of the last will of Amelia Giles, also known as Amelia Lewzey, deceased.

13 YEARS IN REDWOOD CITY
BIRTHDAY PARTY
WITH SAVINGS YOU'LL REMEMBER ALL YEAR!

BIRTHDAYS ARE ONE REASON FOR CELEBRATING

We're celebrating a birthday this month, and we're making quite an occasion of it.

Birthdays are one reason for celebrating. But in times like these, we're likely to forget the many other reasons we Americans have for gratitude and celebration.

In spite of wartime pressures, we still have free choice in every important thing that goes to make up our daily lives.

For example, nobody tells you what to buy, and where to buy it. If you like Penney's, the goods we sell and our prices, you may shop with us. If not, you are free to buy elsewhere. Let us, then, stop to think how much life in America means to us all—and realize how much we have to fight for!

War Changes Buying Habits

War is bringing about a marked change in the food buying habits of women, according to a market study just completed by Loma Linda Food Company of Arlington, Calif.

Nutritional factors are receiving equal consideration with flavor and ease of preparation. Changes to more economical, compact packages to save on tires, freight and handling costs are being received enthusiastically.

"We have a good example of this in the recent adoption of a a tight pack for our wheat flake cereal, Ruskets," said L. V. Roberson, Loma Linda advertising manager. "Responding to government pleas for more efficient packaging, we started packing fourteen ounces of Ruskets in the same size carton that formerly held twelve ounces. Since our wheat cakes are compressed into biscuit form, we already had the tightest pack of any flaked wheat cereal. In the new Ruskets package, the ratio of weight to size is almost double that of other flaked wheat cereals. While Ruskets are actually lowest in cost per ounce of any wheat flakes, they appear higher priced compared to cereals loosely packed in big cartons.

"We found that our explanation, given to housewives through our newspaper advertising, met with ready response. Women in general appreciate that conservation of this kind is a patriotic necessity right now and that it also helps reduce food costs. The result is that Ruskets sales are running considerably ahead of last year, necessitating 'round the clock' production in our plant at Arlington, Calif."

EMPLOYES BUY BONDS

Officials of Pacific Bridge Co. at Redwood City disclosed today that its 160 employes invested $610 in war stamps and bonds last week.

The principle of the pneumatic tire was patented in England in 1845 and in 1847 in the United States.

MENLO PARK NEWS

BY D. E. O'KEEFE

Only 50 per cent of the registered voters of Menlo Park came to the polls Tuesday. Some day a law will be adopted compelling all voters to cast their ballots at state and national elections. No one should be permitted to vote who fails to exercise his franchise.

The members of the Mothers' Club will sponsor a card party Saturday evening in the Hall of Nativity. Prizes will be awarded the winners.

Hospital Attendants Needed, Fox Announces

Hospital attendants are needed at Palo Alto, Livermore, Fort Miley and Los Angeles, it has been announced by Chester B. Fox, secretary, local board, U. S. Civil Service. The salaries are good, Fox said, and there are opportunities for advancement. Those interested may see Fox at the Redwood City Post Office.

Food Selection Important In Preparing Daily Diet

Importance of vitamins was pointed out today by the California State Department of Public Health in a bulletin issued by the San Mateo County Department of Public Health and Welfare.

Discovery of vitamins—only 25 years ago — has revolutionized the public's knowledge of food. It was once believed that good food of sufficient quantity was all that was necessary to preserve health. Now it is known that selection in foods is as important as quantity and quality, the bulletin states.

Vitamins are chemical substances which occur naturally in foods. They apparently direct the correct use of other foods in the body and are essential for growth and health. Vitamins are necessary for everyone throughout life, but they are particularly important during periods of growth and development, even before birth, it was stated.

The body's need for vitamins is increased during pregnancy and while the baby is being nursed, it was pointed out. Unless an extra abundance of vitamin-rich foods is supplied during those periods, the health of both mother and child is impaired.

A diet particularly low in any one vitamin leads to a nutritional deficiency disease, such as pellagra, rickets and scurvy. More prevalent are the many cases of borderline nutritional disease caused by a slightly limited use of vitamin-rich foods over long periods of time. One third of American families are in this borderline group, the bulletin states. Symptoms often are vague, such as loss of appetite, decreased efficiency, general lowered resistance, indigestion and nervousness.

VFW Obligates Two New Members

Members of Redwood City post of Veterans of Foreign Wars Tuesday night obligated two new members, both serving in the present war.

The new members are George S. Davis, a sailor, who has just returned from Pearl Harbor, and Lawrence Gianocca of Half Moon Bay, who participated in the original U. S. raid on the Solomons. Gianocca was wounded in battle and is visiting here on sick leave.

Blackout thought—Regardless of where Moses was when the lights went out, be sure you're where you should be.

IMPORTANT WAR WORK

THE DAYS of Dad and his easy chair, pipe and slippers are gone for the duration. He is part of the home team and idle hours are few. He may grumble a bit that Monday is washday, Tuesday is ironing, Wednesday is dusting, Thursday is window-washing, Friday is vacuum cleaning, Saturday is scrubbing floors. He may grunt a bit and complain but he'll pitch-in and help.

Keeping a home and its furnishings in good condition and repair is important war work. With household help very scarce or unobtainable a heavy burden of work is going to be placed on household appliances. Use these appliances normally but keep them cleaned and oiled and in good repair. Have them checked and fixed-up at the first indication of trouble. There is an authorized appliance repair dealer in your community who will keep your mechanical servants Duration-ized with timely repair. Call him when you need him.

THERE IS NO CEILING ON SAVINGS AT SAFEWAY

Prices in this ad are effective Tuesday, Wednesday, Thursday, Friday and Saturday, November 3, 4, 5, 6, 7, in San Francisco, Oakland, Berkeley, Alameda, Richmond, Hayward, and other cities and towns in San Mateo, Alameda & Contra Costa Counties.

READ WHY SAFEWAY CEILING PRICES ARE LOW

First, what is a ceiling price? A store's ceiling price is the highest price that may be charged by that particular store for those items governed by the ceiling price law.

Second, why aren't ceiling prices the same in all stores? Under the regulations each store establishes its own price ceilings within the limitations of the law. The ceiling price law fixes an amount above which prices may not go, but without restrictions as to how low prices may go.

Why Safeway ceiling prices are low! Because every Safeway price has been a very low price month after month, Safeway ceiling prices are naturally very low. For years Safeway has waged war on needless waste in distributing foods... cut out unnecessary expense ... eliminated frills. And the savings thus made have been shared with our customers by giving them low prices. The ceiling price regulations will not, in any way, alter Safeway's policy of bringing you the finest foods the markets offer at the lowest possible prices.

Safeway is cooperating with the Government's effort to prevent inflation by rigidly adhering to the spirit as well as the letter of the ceiling price regulations.

AND there is no ceiling as to the number of War Bonds and Stamps you should buy, regularly. Put your savings, at least 10% of your income, into War Bonds and help win the war.

Shop early in the week...avoid crowds...and save money, too!

SAFEWAY ADVERTISED PRICES ARE GOOD TUE. thru SAT.

SAFEWAY GUARANTEED MEATS

Safeway meats are guaranteed to be tender and juicy—or all your money back.

. . . Your Government has asked that you voluntarily limit the eating of meat in your home to 2½ pounds per person weekly. There is an ample supply of meat for everyone—it is just a matter of all of us doing our part to make it go around. Our *Armed forces* both here and abroad *must have meat*, and so must a hundred million Americans at home. If we all cooperate—if we at home buy no more than our family's share—the distribution problem will solve itself and we will have made a definite contribution toward Victory.

(ALL ITEMS IN THIS AD SUBJECT TO HAVING STOCK ON HAND)
